COUNTY OF SAN DIEGO AIR POLLUTION CONTROL DISTRICT NOTICE OF PUBLIC HEARING

NOTICE, pursuant to Code of Federal Regulations, Title 40, Section 51.102, is hereby given of a public hearing on December 14, 2016, at 9:00 a.m., before the Air Pollution Control Board of the County of San Diego, in Room 310, County Administration Center, 1800 Pacific Highway, San Diego, California, for the purpose of receiving public comments on and considering approval of the proposed 2008 Eight-Hour Ozone Attainment Plan and proposed Reasonably Available Control Technology (RACT) Demonstration for San Diego County.

Pursuant to federal requirements, by January 1, 2017, the San Diego County Air Pollution Control District (District) must submit a State Implementation Plan (SIP) to the U.S. Environmental Protection Agency through the California Air Resources Board. The proposed SIP, comprised of the proposed 2008 Eight-Hour Ozone Attainment Plan and proposed RACT Demonstration, outlines the combination of local, state, and federal emission control regulations necessary to bring the area into attainment of the 2008 national ozone standard as expeditiously as practicable. Under federal law, San Diego County is classified as a Moderate nonattainment area for ozone, with a corresponding attainment deadline of July 20, 2018.

Ongoing implementation of existing emission control regulations will continue reducing ozone forming emissions for the foreseeable future. Therefore, the proposed SIP relies on existing District, state, and federal regulations to bring the area into attainment of the 2008 national eight hour ozone standard by the statutory deadline.

The Board may consider modifications to the proposal, which may be deemed appropriate. Written comments are also invited. Comments should be addressed to:

Andy Hamilton, Supervising Air
Resources Specialist
San Diego County Air Pollution Control
District
10124 Old Grove Road, San Diego, CA
92131

Copies of the proposed plan may be examined or obtained at the Air Pollution Control District Headquarters, 10124 Old Grove Road, San Diego, CA 92131, or by visiting the District's website at <http://www.sdapcd.org/content/sdcd/apcd/air-quality-planning.html>. Specific information with respect to this matter may also be obtained by calling Andy Hamilton, Supervising Air Resources Specialist, at (858) 586-2641.
